PROJECTS

InstagramClone – Mobile Application **React Native, Firebase, Expo, TypeScript**

 Feb 2026 - Present

- Developed a mobile application inspired by Instagram with features such as user authentication, photo upload, post sharing, likes, and comments, providing a social media-style user experience
-

Noice Medical Center - Your Health Partner **Java, MySQL, Maven**

 2025 - Present

- A desktop-based healthcare management system for handling patient records, appointments, pharmacy services, and billing in a medical center
-

Patient Risk Stratification System **Python, BeautifulSoup, Seaborn, Data Analysis**

 Jan 2026 - Present

- Enhanced medical predictive capabilities by building a Vitality Complexity Index that processes large clinical datasets to identify high-priority patient cases.
- Translated complex clinical data into actionable medical insights using interactive Seaborn visualizations, directly assisting staff in triage accuracy.

EDUCATION

Undergraduate in Computer Science **IJSE Institute of Software Engineering**

 Feb 2024 - Present  Galle, Sri Lanka

IMBS Green Campus **IMBS Green Campus**

 Feb 2023 - Present  Gampaha, Sri Lanka

GCE O/L & A/L (Physical Sciences) **Walisinghe Harischandra College**

 Jan 2008 - Feb 2022  Anuradhapura, Sri Lanka
